

OUR PRIORITIES

Build an economy that works for everyone

Strengthen our economy by supporting small businesses and creating good-paying jobs that put more money in North Carolinians' pockets

Support our schools, students, & teachers

Better fund our schools by sufficiently investing in public education, keep our schools safe, ensure that all North Carolina students have access to high-quality public education, raise teacher pay

Slow the spread of coronavirus & protect lives

Slow the spread of COVID-19 by ensuring coronavirus testing is widespread and health care workers have the safety equipment they need

Build a healthier North Carolina

Increase access to health care coverage for North Carolinians, lower private insurance premiums, and keep rural hospitals open by expanding Medicaid, combat the opioid epidemic by investing in prevention, treatment and recovery efforts

Protect our environment

Fight to protect North Carolina's coast from offshore drilling, combat climate change, transition to a clean energy economy, hold corporate polluters accountable

Support our military & veteran communities

Reduce homelessness among veterans, help make our state a welcoming place for service members transitioning into civilian life

Creating thriving communities

Improve public safety, develop and implement solutions to eliminate systemic racism in the criminal justice system and address social, environmental, economic, and health disparities in communities of color

Build infrastructure for the 21st century

Expand access to broadband internet to rural and underserved areas
